VIDEO CAMERAS

The **Canon ZR80** is a MiniDV-based, ultra-compact camcorder. This unit weighs 17.1 ounces and has a 0.3 megapixel effective sensor resolution. The ZR80 an 18x optical zoom. An ultra-compact camcorder, suited for on-the-fly shooting. The manufacturer estimates that a fully charged battery will provide 125 minutes of power, though this will vary depending on usage.

The **Samsung SCD-23** is a MiniDV-based, ultra-compact camcorder. Provides manual focus control, whereas many camcorders have only auto-focus. This unit weighs just 17.6 ounces without battery and media, which is very light. 120 minutes of power, though this will vary depending on your usage. .

The **Sony Hi8 Handycam CCD TRV118** is great combination of Sony design, powerful features. It features a 2-1/2" SwivelScreen LCD with color viewfinder for accurate video framing. It also includes the Nightshot 0 Lux system for precision recording, even in the dark! 20X optical/560X digital zoom.

DVD Players, TV, Lighting & Tripods

We have a **Smith-Victor KT-1500 Lighting Kit**. We have 2 Tripods, a Hakuba S-6000 and a Velbon CX 300. We have 2 DVD players in our Studio Office, a Cyber Home CH-DVD 320 and a Mintek DVD-1600. There is a Sylvania SRC-2213W TV/VCR player which is used as a primary monitor during recordings in our Studio Office. Because most of our work is Digital or DVD related, we no longer use our Ambico v-6300 AV/Mixer and our Sima Screenwriter. We can produce on VHS tapes, we prefer DVD products.

Our Computer

You could not have a better system for authoring DVDs. Our custom designed system has 2 Emprex DVD burners, 3-Maxtor Hard Drives, reflecting 400 MB of real time storage operated by Windows XP with a Total Physical Memory of 1,024.00 MB. Linked by **Firewire** for our Mini-DV Cameras and a AverDVD video capture tool connected to a RCA Super VHS Hi Fi Stereo 4 Head Video System. Our ViewSonic SP 2002 Speaker System (20 Watts) has outstanding sound quality. There is a NEC AccuSync 70 Display, with Logitech Keyboard and mouse. The printer is a HP 7150 PhotoSmart, and we have a HP Scanjet 3200 C Scanner.

Our Studio Office.

We shoot short projects in our 12 X 12 Office with a large desk and a single camera. We work with a white wall as the background. This is a very small shooting space. The Client must be on time and ready to go!
