*Yeh Fikr Mujhe Chain Se Sone Nahin Deti,
Ab Kaun Meri Qaum Ko Bedar Karega*
<Altaf Zia>

Muslims are so powerless because of lack of education. Empowerment of the individual is the corner stone of a free and dignified society. So future belongs to knowledge based societies.

We should realize that because of educational backwardness. We are not only backward in all walks of life but also becoming more backward as time passes.

Wage war against illiteracy in order to relieve Ummah from all sort of sufferings. In Faizabad and Barabanki educationally backward districts of U.P. we are imparting modern and religious education of the highest standard to children of rural areas. Regular awakening campaign for learning is showing encouraging result.

Join the mission.

Associated Schools

Under Faizabad Literacy Project the following schools with good management and teaching are associated with the mission for promoting education. The schools are imparting religious and modern education.

S.No.	School	Classes	Strength of students
1	Darsgah-e-Islami Hr. Sec. School Mughalpura Faizabad	Nur. to X th	2083
2	Noorul Islam J. H. School, Wazirganj, Faizabad	Nur. to VIII th	448
3	Radiance Islamic Nursery School, Rath Haveli, Faizabad	Nur. to V th	168
4	Maktaba Islamia Girls College, Unchegaon, Faizabad	VI th to X th	350
5	Madarsa Irfania, Pharganj, Faizabad	Nur. to V th	175
6	Ayoshya Montessori School, Ayodhya	Nur. to V th	229

Most of these schools are in backward poverty ridden localities. The poor students are sponsored by generous persons to promote learning.

Incidence of never attended school is highest among Muslims

Faiz-e-Aam Muslim Inter College

An Institution of Modern & religious Learning

Faiz-e-Aam Muslim Educational Society established Faiz-e-Aam Muslim School in 1998 for promoting education among backward communities particularly Muslims in a backward area. This is a progressing institution in a rural area with a clear vision to build up a bright future. The college emphasises on promoting good education with a new outlook towards success. During 8 years with the support of guardians and well wishers it developed into an intermediate college. Outstanding achievement was to establish 23 primary schools in remote villages with well defined vision and mission for basic education. It made substantial progress in every field, notably academic, religious and social activities. It's academic achievement can be gauged from the excellent result. On social front it worked for poverty alleviation on small scale with meager fund.

Unlike commercial private schools, our tuition fee is nominal and donation is the only source for developing basic infrastructure. During the year, the construction of 2 classrooms had been possible with the donation of parents and well wishers. With addition of classrooms classes held in open was discontinued which was great relief to students.

Bombay born philanthropist Dr. Ebrahim Kazim desired to establish a girls school in memory of his mother. A 3 storey block consisting of 14 classrooms was suggested to him. Later on the construction work was taken up enabling the management to separate girls classes. From the next session Amina Abedin Memorial Girls Hr. Sec. will run in new block. The existing North Block has been attached to this school.

In XIIth class 22 girls student took admission in other college, as transport charges was felt as burden. So only 18 girl students appeared in U.P. Board Exam. It appears unavoidable to introduce co-education in intermediate classes. In the next session Maths will also be introduced beside Art subjects. Low salary to teachers due financial stringency, the management faces shortage of teachers. However the quality education is not compromised.

High Light of the Year

- 🕌 Construction of 2 classrooms on 1st floor with donation.
- 🕌 Construction of 3-storeyed building consisting of 14 classrooms in Amina Abedin Memorial Girls Hr. Sce. School.

علم لینے آئے ہو تم صبح و شام اسکول سے
یہ نہ بھولو تم کہ اس نعمت سے بڑھ کر کچھ نہیں
جہل ہے اک شب تو اک صبح درختاں علم ہے
جانے کیا کیا روزی روٹی کے سوا دیتا ہے علم
یہ کتابیں تیری تیرے خوابوں کی تعبیر ہیں
ہاتھ میں تیرے قلم ہے اب تجھے کیا فکر و غم
علم جس کے پاس ہے وہ ہونہیں سکتا غریب
علم تھا جس قوم میں جیتا ہے اس نے ہر محاظ
علم جنہیں تھا ترقی کی کہانی کہہ گئے
قسمت ملت بناتی ہیں کتابیں اور قلم
پورا کرنا ہے تمہیں رہبر ملت کا خواب
فیض حاصل کر رہے ہو فیض عام اسکول سے
اس جہاں میں علم کی دولت سے بڑھ کے کچھ نہیں
تیرہ بختوں کے لئے اک ماہ تاباں علم ہے
سچ یہ ہے انسان کو انسان بنا دیتا ہے علم
علم کے طالب کتابیں ہی تیری تقدیر ہیں
تجھکو طوفان جہالت سے بچائے گا قلم
علم سے قوموں کا بننا اور بگڑنا ہے نصیب
جہل میں پنہاں ہے گھڑی قوم کی پستی کا راز
اور جو جاہل تھے وہ انکو دیکھتے ہی رہ گئے
نوجوانوں یاد رکھنا تم کو ”سید“ کی قسم
رہ گئے جاہل تو ”سرسید“ کو دو گے کیا جواب

Affiliated institutions for grassroot level learning and educational awakening in rural areas

A study sponsored by the Centre revealed that attendance of Muslim children in UP's primary and upper primary classes were 56.11% 65.9% respectively. Due to ignorance and poverty large number of children don't go to school. For mass awakening for learning and to provide value based education at grassroot level Afmi Primary Schools have been established in villages with dominant Muslim population. The goal is 100% literacy by mass movement for spread of education. The majority consists of poor and deprived persons, so their children are given all support for learning. Every year the growth of student strength is definitely good sign of awakening and popularity of Afmi Primary Schools.

Development of Basic Infrastructure

Due to shortage of classroom in Babhangawan, Mangalsi, Ahrauli, Kopepur 150 children are still sitting on ground under open sky. In some schools two classes are held in one classroom. This is happening due unavoidable circumstances. Paucity of fund has created this situation. This year there has been no appreciable progress in development.

Talent Search

There is good talent in rural area. The children need attention of parents. Our effort has been to search such students and ensure that they continue the studies. 1201 talented poor student have been adopted under talent search scheme.

High Lights

In academic session 2006-07 the strength of student rose to 2875 with some set backs.

- 🌀 New branches in village Barahwan and Sewan were established. But Sewan Branch was high jacked by the person who was instrumental in establishment.
- 🌀 Afmi Primary School at Bhagwabheet and Wazeerganj were upgraded by one class. Now 14 branches are fulfilled primary schools.
- 🌀 70 Students passed out from different branches competed in admission test in A.I.T college and Faiz-e-Aam and got admission in VIth standard.
- 🌀 In Dr. M.Z. Khan Girl H.S. School the incharge and some teachers left the school when their involvement was found in activities detrimental to the institution.
- 🌀 Babhangawa branch was upgraded to class VIth. Construction of one classroom each from M.P and M.L.A fund was taken up.
- 🌀 With the donations, 70 Table cum Seats for 350 students were provided in different branches.
- 🌀 Poor student in 4 branches were provided school dress.
- 🌀 AMU Alumni, Australia sponsored 100 poor students.
- 🌀 One computer was added in Dr. Ebrahim Kazim Computer Centre with the donation of AMU Alumni Australia.
- 🌀 AMU Alumni Australia funded construction of 8 toilets in 4 schools. 9 Hand Pumps installed in 9 schools with their contribution.
- 🌀 Human Concern International, Canada sponsored 42 poor students and received contribution to start construction of a classroom in Faiz-e-Aam.
- 🌀 162 Student completed Qur'an Nazira
- 🌀 AMU Alumni, Lucknow sponsored 22 poor student in Radiance Islamic Nursery School under Faizabad Literacy Project.
- 🌀 Charity Alliance New Delhi sponsored 11 poor girl students of Maktab Islamia Girls College Unchegaon Faizabad under Faizabad Literacy Project.

Academic Achievement

Progress is not gauged only by the infrastructure. The academic achievement is testimony of good progress. The following annual exam result is best way to judge it.

Mohammad Mahtab Khan a student of class **IVth** of **Ibrahimpur** branch secured **91.3%** marks among student of all branches.

Sponsorship

In community where 94.9% live below poverty line the education is luxury. Higher education is dream due to very high expenses. So poverty and education are interrelated. In our schools we provide ample opportunity to poor for learning with the support of generous persons. Beside exemption of fees, books, exercise books, dress etc are provided. During winter sweater/scarf are given to sponsored students. In year 2006-07, 230 sweater, scarf were given in school under Faizabad Literacy Project.

If opportunity of learning had not been provided to poor student, they would have been engaged by parent in petty works for meager income. At present poverty is the main reason for not sending children to school by poor parent. In each school demand is for free education which is not possible due to teacher's salary.

The result of sponsored student in schools under Faizabad Literacy Project itself indicate the utility of sponsorship.
