- 2) Enter wap elite in ur search box and choosing option as Mobile Web. Then click search.

3) Once finish downloading, please find wap elite and click. U will be prom to Twilight Zone. Scroll down and go click wap elite and ur ready to experience and use some of the services shown in their site. HAVE FUN

Bmobile: Useful browser for ur phone
Hi all,

For ur info, a useful mini browser that might help is the: -

OPERA MINI WEB BROWSER

It is a mini browser that might help u surf like the internet but in a mini browser version of the Internet Explorer.

U can easily intalled it to ur phone. Once u read the agreement for installation u can proceed to installed.

U can get it by doing the following steps;

- 1) Go to ur phone url address and type :www.google.com
- 2) Then type Opera mini Web Browser in the search box and choose Mobile Web as the search option.
- 3) Once it has shown a lists just find opera mini web browser. and click on it and installed the opera mini.
- 4) once installed u might be able to check ur email and even surf just what u mostly do at home. Give it a try. But bear in mind some phone might not be compatible to installed the mini browser.

To start checkin ur email just press SEND&REC (receive)

Bmobile: portal problem
Hi all,

A useful tip if u encounter portal problem in ur 3G phone:

- make sure that settings have been done to ur 3G phone.if not u wont experience the services of 3G and it will only just show connection and doesnt load. This is what is known as LAGGING

- You can try CLEARING CACHE in you 3G phone (its like clearing unwanted full rubbishes in your phone memory)

- Then u can switch off the phone and switching the phone back again.

Bmobile: Useful URL address

For ur info, if u wanna use a useful URL address u can go to:

- www.google.com - u can search what u want (just make sure u choose the MOBILE WEB search as the option)
- bear in mind make sure also that setting have been set up for ur 3G phone.

Bmobile info: Website contents (www.bmobile.com.bn)

For ur info: The Bmobile Website may be of good use and guidance for its users. You may find amongst other things as follow:

- Prepaid services and its rates
- Postpaid services and its rates
- Download Mobile settings Instructions [PDF] Download Adobe Acrobat Reader

Nokia
LG
Motorolla
Samsung
Samsung-Z500
Sony-Ericsson
Generic Settings

- Mobile Internet Setting - [PDF]
For Windows
For Mac

- International Call Rates (098)
(15th April – 14th June 2006)
 - » International Call Rates (089) - VoIP (countries available)
 - » International Roaming (countries available)
 - » International SMS (countries available)

BUT TO KNOW MORE just go to their website: www.bmobile.com.bn

Bmobile:How to top up for another prepaid a/c

Hi for ur info:

- We can top another prepaid account by dialling 175 and choosing option 4.
- it will prompt user to enter the 12 digits found on the scratch card follow by #.
- Then enter the 3G prepaid line to be topped up. Upon topping up the line, the validity period will follow upon the top up card used i.e:

\$8 top up - 21 days (credit will be \$10.00)

\$18 top up - 60 days (credit will be \$24.00)

\$38 top up - 90 days (credit will be \$50.00)

Bmobile:How to credit transfer (only Prepaid a/c)

For ur info:

- Credit transfer can only be done between two prepaid line.
- The other line that wanted to be transferred MUST BE ACTIVE - not in SUSPEND state. Otherwise the operation wouldnt be allowed.
- The transfer would be charge \$0.50 per transferred.
- The pin number required is 12345678.
- The transfer would not make any alteration to the expired date of the receiver of the credit.
- The instruction of the credit transfer would be done as follow:-
 - 1). Enter pin number = 12345678 follow by #
 - 2). Enter amount e.g \$1 , \$2 etc follow by #
 - 3). Enter 3g prepaid line to be transferred follow by #

After everything is correct it will prompt enter 1 to confirm. Message will be received of the operation to both sides.

Bmobile How to Top up Prepaid account
For your info,

If u wanna top up ur bmobile prepaid account just use either

- 1) *178#12 digits# SEND or
- 2) Using Voice Prom that is Dial 178 and follow instruction which should instruct enter 12 digits that appear on your scratch card and press #.

Make sure you dont enter 3 times wrongly eitherwise the owner of the line need to approach the nearest bmobile care center.
