Communications

Second and Fourth Mondays

Except June 1st to September 1st

And Fourth Monday in December

From the East

Brother,

...And Hiram said, "Speak to us about obstacles in life" and King Solomon answered saying, "Obstacles are a part of life, no man can strive toward any of his goals smoothly. When the waters are calm all of us can move forward easily, but when storms strike, obstacles are thrown in our path. It takes courage to ride out the rough weather, or go around it so we can continue toward our goals that we have set.

Obstacles give us an opportunity to analyze our strengths and weaknesses. They help us to realize that as Human Beings we are capable of making many errors and at the same time, they give us the knowledge that we can rise above our errors.

Obstacles then, become a symbol of courage, the courage to continue to work toward achieving our goals in life.

Finally Brethren, may God bless you and your family, and bless this great country of ours.

God Bless you all,

Fouad E. Kashouty
