

Mason Summit High School

A great place to go to school!

Why is Mason Summit High School a great place to go to school?

Mason Summit High School Mission and Goals:

To provide a consistent, structured, and safe environment in which students can work to improve in the areas of attendance, academics, behavior and goal setting; furthermore, to prepare all graduates for introduction either into post-secondary-education, or into the adult work world.

- Dynamic and Caring Staff
- Team-Oriented Environment
- Relationship Focused
- Rigorous and Relevant Curriculum
- Small Class Sizes
- Weekly Attendance and Progress Reports

Opening Doors to the Future!

SCHOOL PROFILE

Mason Summit High School is an Off-Site Department of Mason High School, which has been in existence for nineteen years.

The school consists of fifty students who are supported by a program coordinator, three teachers, and a secretary. Moreover, Summit High School receives both counseling and social work support from Mason High School.

Mason Summit High School is an energetic school known for its caring, team-oriented school environment. Summit High School has three, two-hour classes every nine to ten weeks. This format insures that students get plenty of instructional time. Individualized teaching allows instructors to learn the diverse needs of their students, who, because of their close relationship with staff, are able to advocate for themselves, and tell us how they learn best.

Furthermore, Mason Summit High School provides many additional credit attainment opportunities for our students through our personal development class, the career center, work experience, and dual enrollment.

If you're looking for an education at an extraordinary school with a caring staff, Mason Summit High School is for you!

MEET OUR ALUMNI, STUDENTS, PARENTS, AND TEACHERS

Why do students enjoy going to school at Mason Summit High School?

"I graduated from Mason. It was a wonderful experience; the teachers were nice and the principals were nice also. And if your student is one to have trouble learning in big classes, then I would recommend Mason's alternative high school. Some people say that it's where the bad kids go, but that's not true..."

-Ben Robison

"I would not have graduated if it weren't for Summit. It saved my life."

-Andy Soules

"My child is a student at Summit and goes to school happy every day."

-Jane Wetmore

"I am currently teaching math, science and many other electives at the best school in the State of Michigan, Mason Summit High School."

- Ms. Shannon Brown

BENEFITS OVERVIEW

Mason Summit High School offers a comprehensive educational plan designed to meet the needs of our students:
