Dear Parent:

I have a webpage on the Internet, which I use as a communication tool with parents. The purpose of this webpage is to keep parents informed, encourage students to use the Internet in a safe manner, and share work and photos of students.

It is my practice to seek parent permission before including your child's work or photo on my webpage. It is my policy to only include first names of students on the Internet; last names and personal information will not be used in posting your child's work or photo. In order to include your child in this endeavor I must have your signed permission. Please review the information below, sign, and return to Ms. Radcliffe.
