

# Free Parking around West Portal

It is estimated that 30% of the available parking on West Portal Avenue is being taken by business owners and employees. The negative impact on business is significant.

To alleviate the problem, the following parking areas are recommended.

1. Portola Drive

- Northside – From Dorchester to Laguna Honda Blvd – **Unregulated parking**
- Southside – From San Lorenzo to Miraloma Drive – **Unregulated parking**

2. Sloat Boulevard

- North and Southside – **Unregulated parking**

3. Junipero Serra Boulevard

- Westside – Short area south of Sloat Boulevard – **Unregulated parking**
- Eastside – From St. Francis Boulevard to Monterey - **Unregulated parking**

4. Frontage Road (Eastside of Junipero Serra – One Way)

- Westside – From Darien Way to Monterey Boulevard - **Unregulated parking**
- From Monterey Boulevard to St. Francis Boulevard – **4 Hour Parking**

5. Santa Clara Avenue

- South of St. Francis Boulevard - **Unregulated parking**

**NOTE: Please pay attention to Street Cleaning schedules for all areas**

Do yourself and West Portal Avenue a favor. Do your parking in the above areas away from the business district. Your job and your business depend on successful business volume. Available Parking in the business district is critical for the use of our clients. Also running out to feed the meters is not only a nuisance, it is against the law. Be a good neighbor, help yourself and your neighbor's business by leaving parking for the customers.

Thank you.
