

Welcome to Our “Patio Room”

Walk onto the patio deck (a southern exposure) which is right off the Living Room. Notice the 6 panoramic “windows” (actually screened in, with removable Plexiglas) This allows for a beautiful Hillside view while eliminating any noise.

As you relax on your patio, enjoy the view of Alvarado Estates on the hillside above.

To the west of the patio you can see the dining room as well as the 7 feet of cabinets above the sliding doors.

To the east you can see the “fireplace” TV/VCR combo which is included in the purchase price as well as the bamboo chairs, blinds, stereo, speakers and more...
